

2020 ANNUAL FUND DONORS

The Stephens Memorial Hospital 2020 Annual Fund was designated to support the purchase of a new magnetic resonance imaging (MRI) scanner and to overall upgrades to our imaging services.

Every day, healthcare moves forward with new innovations and supporting technologies, and sometimes these are out of reach for small rural hospitals like Stephens. In radiology, meeting the need for an improved patient experience while ensuring efficiency and excellence is our top priority. The new scanner provides quicker scans of superior quality, generating better quality in less than 5 minutes. We are committed to ensuring residents of the Stephens community receive excellent, high quality care close to home.

As we prepare for what lies ahead, we appreciate your continued support and commitment to keeping our communities healthy and thriving. It's our strength together that will get us through these tough times. From all of us, we can't thank you enough.

Stephens Memorial Employee Giving Program

Stephens Memorial Hospital is not just the place we work. It is the place our families rely on when they are not well. We are grateful for our team members who, through their generosity, help to make sure Stephens will always be here for those we care about. The employee giving program at Stephens supports our annual fund.
